Deceased: February 1, 2001
Our File No: 2001/761**

Dear

Thank you for your letters of
concerning the death of Mr. Marvin Davids.

At the time of writing the investigation into this death is still ongoing. Final reports and documentation have not yet been received. It would therefore be premature at this time to make a determination as to whether an inquest into his death is necessary or unnecessary. However, I appreciate the information that you have brought to our attention. It will be carefully considered.

Yours truly,
